

Project: Wausau School District

Date: February 4, 2016

GD Jones 02/01/2016
Mild weather conditions.

GD Jones 02/01/2016
Masonry walls going up rapidly.

GD Jones 02/01/2016
Future courtyard.

Thomas Jefferson 02/01/2016
Foundations complete on main addition.

Thomas Jefferson 02/03/2016
Excess material loaded/hailed offsite.

Thomas Jefferson 02/03/2016
Winter conditions return, project continues.

Project: Wausau School District

Date: February 4, 2016

Projects are going very well. Both are slightly ahead of schedule at this point, despite widely varied weather conditions. There have been minimal changes to the scope of work. This is largely due to the efforts put forth by the team during the preconstruction and planning phase. Over the next month, we can expect to see completion of the masonry block, and the precast plank structural steel erected.

The plans and specifications for Hawthorn Hills and Riverview Elementary Schools have been provided to the prequalified Subcontractors. The pre-bid conferences are scheduled for Tuesday, February 16, 2016 at 9:00 am and 10:00 am for Hawthorn Hills and Riverview, respectively. Bids will be received at the School District Office at 2:00 pm on Tuesday, February 23, 2016.
